Standard Ratio Box for Calibration

ST105

Features

Housed in a rugged, lightweight waterproof case
2 years standard warranty
Standard Ratio to calibrate Turns Ratio Meters

Measurement Parameters

Nominal Ratios Initial Accuracy (at 100 k Ω Load)

1:1	+/- 0.001%
1:10	+/- 0.005%
1:100	+/- 0.03%
1:1000	+/- 0.05%
1:10000	+/- 0.2%

Temperature Operating 10°C to 30°C, Storage -20°C to 70°C

Specifications

Model	ST105
Size	L: 270 mm (10.6") W: 245 mm (9.7") H: 125 mm (4.9")
Weight	3.8 kg (8.3 lbs.)
Input Power	none
Test Voltage	max. 100 VAC 49-61 Hz
Max. Load	75 VA
Front Panel	Sealed anodized
Interface	none
Ratio Ranges	1:1 / 10 / 100 / 1000 / 10000

Options

Certificate from National Institute
